are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in so many different directions. "Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—of the onward sweep of the race in all parts of the world—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.

1,000,000 DEATHS!

FROTH CHOLERA DURING THE PAST YEAR.

The Germs of This Fatal Disease are Lurking Everywhere! Thousands of Dollars Saved by This Wonderful Discovery.

Hundreds of thousands of dollars have been lost in the poultry business on account of the devastation among the flocks, caused by cholera, roup, gape, and other fatal diseases. There have been many remedies advanced, but none seem to be so successful as the American Poultry Mixture. This will cure chickens in the last stage of cholera and roup, and is excellent for gapes. Do your fowls suffer from violent diarrhea, dropping of the wings, stupor or excessive thirst? These are the first symptoms of cholera. Cholera is a germ disease and being infectious spreads rapidly through the entire flock. Take time by the forelock—don't stop to experiment with unreliable or untried remedies. Use this mixture at once and the sanitary measures they recommend in connection. Don't give the fowls up. Cholera is a terrible disease but this remedy cures it every time. It is also guaranteed for roup, which can be told by hoarse breathing; swelled eyes, discharge at the nostrils, resembling catarrh. Fifty dollars is offered for any case the Mixture will not cure. If some of your fowls are diseased it will prevent the rest from catching it. Try it. It is cheap, reliable and effective; a scientific preparation, goes more than three times as far as any other remedy, does more good than all of them combined. It is used and endorsed by the most experienced and largest breeders of plain and fancy poultry in all parts of the world. The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case send \$1.00 for a sample box to American Mfg. Co., Terre Haute, Ind.

LOVE AT FIRST SIGHT.

Robert Hughes, Aged 77, Weds Miss Annie Logan.

Washington, Pa., May 15.—No dashing young soldier of fortune could have put more romance into one day or more splendidly have won a loving bride than has Robert Hughes, over whose head 77 years have passed.

Hughes, who lives near Fairmount, W. Va., had been in correspondence with a young woman in West Washington. He had never met this girl, but through some friends had started a correspondence. He left his home in West Virginia and came to this place to take a bride with him to his home. On his arrival at West Washington he made inquiry concerning the girl and learned that she was not one calculated to make for him a loving and happy wife.

But Mr. Hughes was not disposed to return to his West Virginia home without a wife, and began to make inquiry as to the eligibles on the matrimonial market in the town. Two suggestions were made to him, one being Miss Annie Logan.

It was not ten minutes after this until the girl came to the house where he was stopping. He was introduced and, to use his own language, "As soon as I took the girl's hand a thrill of warm love passed over my heart and I knew at that moment that this girl would be my wife. It was a case of love at first sight."

In ten minutes the old man had proposed marriage, and was at once accepted. In the afternoon the couple were wedded by Squire Preston Berry. Miss Logan said that the match was the result of love at first sight, on her part as well as on the part of her husband. Mr. Hughes was never married before. He is a veteran of the civil war.

KISSING AS A PUNISHMENT.

Plan of a Connecticut Teacher to Stop Whispering in the School.

Milford, Ct May 14.—Miss Lucille M. Nye, a school teacher of this town has invented a new and horrible punishment for the offenders who persist in whispering to each other during school hours. She has made it a rule that any boy or girl caught whispering will in the future be compelled to mount a platform and kiss the child of the opposite sex whom she will select.

The pupils think this is outrageous, as they are totally unable to figure whether they might not have to kiss some one for whom they have no feeling of affection. They would much prefer to do their own choosing.

Latest Poetic Talent.

"Assure you, Miss Dollie, I possess an inexhaustible supply of poetical talent, but I am still too healthy and fresh to produce anything really great!" —Simplicissimus.

Bad Precedent.

"I wish you would pay me that ten you owe me," said Snaggs to Spiffins. "My dear fellow," replied the latter, "I would do it cheerfully were it not for setting a bad example. My other creditors would then expect me to pay."

Spiffins, you will notice, has not been reading about Turkey's debt to the United States without profiting thereby.

Information While You Wait.

"Frank, what is a heliograph?" asked Mrs. Bloomfield. "She had been reading the South African war news, you will have observed."

"It's an instrument to throw light on a distant situation," replied Mr. Bloomfield.

No Danger.

"Do you think that I have wataw on the brain, doctah?" asked Mr. Gongoslin, anxiously. "Oh, no," replied the physician. "I'm so glad, doncher know?" "Have no fear. There's no brain for the water to operate on."
